EXPERIENCE

Software Developer | Opus Inspections
2023 - Present

◦ Concurrent full-stack development and maintenance for four public-facing websites, delivering essential online services for multiple state programs.
◦ Provided leadership support as Technical Advocate and interim Scrum Master.
◦ Configured AWS Elastic Beanstalk and ECR to deploy containerized web applications across multi-stage environments (DEV, UAT, PROD).
◦ Architected and implemented AWS CloudFront and S3 media delivery system with secure URL signing, migrating 1GB+ of data to cloud storage.
◦ Redesigned CSS architecture using ITCSS methodologies, reducing CSS by 95% and improving long-term maintainability without altering the user-facing experience.
◦ Defined, documented and trained new team members on deployment cycles, accelerating onboarding and ensuring smooth release processes.
◦ Collaborated closely with cross-functional teams to build features that balance code reusability with unique customer requirements.

Software Developer II | Capital Insurance Group
2021 - 2023

◦ Designed, developed, maintained, and tested two full-stack web and desktop applications, delivering consistent and dependable functionality for underwriters.
◦ Worked on an Agile team of 12, delivering high quality software in a fast-paced, sprint-driven environment while consistently meeting deadlines.
◦ Developed and documented a standardized training program to support onboarding and mentorship of three junior developers.

Technology Associate | Capital Insurance Group
2020 - 2021

◦ Practiced test driven development with comprehensive automated tests that reduced bugs and manual testing time.
◦ Developed SQL scripts and updated packages to identify and resolve bugs.
◦ Featured as Intern of the Month on company newsletter and website.

EDUCATION

Eastern Washington University | BS Computer Science & BA Music
2017 - 2021

◦ Completed degree Cum Laude and awarded 2021 BSCS Outstanding Student.
◦ Placed 2nd in EWU Programming Competition.
◦ Earned a BA in Music with emphasis in piano.
